Student 1

Question. Wreck convention - when adopted, when enforced.. India special.. anything particularly for India.. define wreck.

Question. UNCLOS brief history. Coastal state duty as per UNCLOS. Ship registry. Specific for India. New change in MS Act 2025

Question. PSSA, requirements for declaration of PSSA. Anything wrt to India.

Question. SOLAS ch IX. Certificates and procedures.

Question. Solas Ch XI-1. All regulations and specially about CSR, what never changes. What all recorded. When need to amend CSR.

Question. Djibouti Code and Jeddah amendment

Question. Basel convention. Hazardous material definition as per Basel convention. Any document wrt coastal state and few cross questions

Question. CII latest amendment. What changes now than in 2023. When implemented. Mid term measures. How these going to work ? Like money collection, who will collect and framework of SU and RU.

Question. Drydock preparation. Steel renewal and all about drydocking till departure. Lot of cross questions

Question. General Average. How fraction is decided? How value decided? All principles. What is rule paramount. Which rules precedent number or letter and why ?

Question. Vicarious liability. How established. Explain with example.

Question. How LNG is stored on-board. Tank details, types, difference, materials.

Question. Decisions factor in membrane tank and C type

Question. What is VGM ?

Question. Damage stability, oil outflow or something calculations in damage stability.

Question. GHG measures, short/mid/long term

Question. Termination of contract, bad appraisal - provisions under MLC.

Question. Insurance, warranties, loss ratio calculation, something about reinsurance..

Question. Anchor load test, drop test.

Question. Flag state duties as per unclos

Question. Reinsurance types

Question. PR17

Question. Inchmaree Clause ?

Question. Sister ship clause

Question. What is sentimental clause

Question. what is service space

Question. Container fire fighting arrangements onboard

Cross- how to know what cargo is loaded and which manual tells about fire fighting procedures for tht cargo.

Question. Loss ratio

Question. Vicarious liability. How established. Explain with example.

Question. Subrogation and subrogation types?

Question. ISM audit, when internal audit is done?

Question. Ship registration new and old process and cross questions

Question. PR 17. Who issues it. If deficiency with respect to ISM found detainable, then who will detain ?

Question. What is VGM. From where you can find what is the VGM of container loaded on board?

Question. Container fire. How to handle and where will you find it how to deal with fire including location of plan ?

Question. PFOS. Why banned and what is alternative to it.

Question. Stockholm Convention

Question. HNS convention, why personal injury included if P&I already there.

Question. Class suspension automatic.

Question. Basel convention, exact definition of hazardous material and who decides those materials

Question. SUA convention in detail. If a vessel is having 10 nationalities onboard, how it will be applied.

Question. Actions as CE if received Fuel sulphur more than 0.5 %

Question. KN cross curves of stability

Question. Flag State responsibility as per UNCLOS

Question. Who issues IMO number?

Internal:

Question. CSR applicability and exclusions. How you will come to know CSR is changed or updated ?

Question. SEEMP part1 and 2. What is in SEEMP part 2?

Question. Which certificate mentions which product you can carry ?

Question. Carrier responsibility in Hague, Hague-Visby and Hamburg rules.

Question. Damage stability measurement methods.

Question. SUA convention. Unlawful acts.

Question. Suspension of class

Question. What's there in HNS, which is different from Bunker, CLC conventions.

Question. In case of LNG spill, who decides compensation, liability as HNS is not in force.

Question. Why tanker in DWT ? Bulk carrier also carries different Density cargo.

Question. Can you mix propane and butane?

Question. SUA convention. Unlawful acts.

Question. Class withdrawal.

Question. Conditions for class to become RO

Question. Service space and SOLAS regulation

Question. IMO GHG reduction - short term, mid term and long term measures. EEXI, CII.

Question. Subrogation, types of subrogation. What is the sentiment factor in subrogation cum assignment.

Question. EGCS has failed, what does the regulation says?

Question. SSAS is not working, what action ? What regulation?

Question. Withdrawal of class

Question. Constructive total loss.

Question. Well to wake & well to tank. How these are calculated?

Gupta sir

Question . Vetting inspection

Question . Bear-boat charter as CE DUTY

Question . Vessel around in ER side action as CE

Question . Dry dock preparing what you need to do ?

Question . Vessel need to sail quickly what to do?

Question . You are new to the company and joining ship. How will you implement ISPS as a chief engineer.

Question . Bareboat charterer? On completion of charter period, as a owners side C/E, what all things to check?

Question . How is PMS implemented on your ship?

Question . What is condition monitoring? How will you prepare a liner under condition monitoring?

Question . If M/e turbocharger is damaged, how will you prepare a claim under H & M ?

Question . Ship going for recycling, duties as CE. How will you prepare your ship for recycling? (he wanted to listen preparation of IHM parts)

Question . Vessel in Port, oil spilled from your ship (no bunker operation), action as CE.

Question . HSSC survey certification.

Question . ISM implementation on a new ship, action as CE(Documents required as per ISM elements, Procedures, Checklist)

Question . Sludge ROB onboard (in tanks) not matching as per Last ORB entry, action as CE.

Question . What is ESP ? what all things to check?

Question . TMON notation, Method 1 2 3

Question . Hague visby rules.

Question . What are the ship owner responsibilities?

Question . How to implement ISM, DOC, SMC?

Question . What is MLC, all elements. New amendments?

Question . ER crew is not able to maintain rest hours as vessel is doing short coastal runs. Action as CE?

Question . Condition based monitoring

Question . Your vessel is supposed to have annual Safety Equipment survey, what things will you do as CE? Lifeboat annual checks ?

Question . Why Vetting? What is the spirit of this Inspection?

Question . How would you as CE implement ISM on a new ship ? It's not a new type of ships to company. Several cross questions including Master's role, Master's review, what all done... ?

Question . You are sent to take over a ship as an observer. Master informs that vessel needs to sail out for commercial or cargo requirements. What all immediate checks will you do?

Question . What is Enhanced Survey Program? Several cross questions including why only Bulk Carriers and Oil Tankers ? What all checks ? Suspect areas? Which specific areas in Bulk Carriers are most prone...?

Int- Sirish

Introduction-

ship type- Bulk carrier

Question. Documents required to carry dangerous cargo on bulk carrier

Question. management of change

Question. noise level allowable in ER and ECR what is a decibel?

Question. Ship bunkered heavy oil after 4 days. lab result came and sulphur percentage .55 % only complaint fuel available on board Action as CE

Question. SOLAS applicability of what GT?

Question. name the manuals on board

Question. documents required regarding safety of ship not certificate

Question. RO criteria

Question. types of audits

Question. IMO targets short term midterm and long term

Question. CIF AND FOB

Question. Reserve buoyancy and dynamic buoyancy.

Question. Solas applicability tonnage and will that applicable on indian coastal ship on 300 gt or not ?.

Question. Bwts complete regarding d2 standard and sampling. And new ship def as per bwts .

Question. Lodicator and where its sensor fitted.

Question. Uscg ballast water system req need exact values?

Question. Bwts not working whom u report and what action u take as ce.

7718065806

Question. Where h& m and p & I both comes together.

Question. How u make pms for vessel and how u make priotize job in pms? What machinery ce not inspected without surveyor presence ?

Question. Qualities of chief engineer as per STCW

Question. Chapters of COSWP

Question. Reaching Japan for 4 part discharging at various ports, bilge holding tank full, action as chief engineer

Question. Define dispensation and its procedure, will send request to whom for dispensation (email and addressed to whom)

Question. As chief engineer what will you witness when propeller is being fitted? question on push up length table and graph

Question. Define cargo work?

Question. How will you reduce cargo work in LNG carrier

Question. IMO bodies

Question. what to check in ballast tank inspection with surveyor, size etc?

Question. how to verify SEEMP implemented onboard?

Question. 3E newly joined how to brief as CE??

Question. what is noon chit?

Question. type of PSC inspections, difference between more detailed inspection and expanded inspection, what is clear ground??

Question. difference in scope of Initial and Renewal survey

Question. Loadicator function , what it measures and where it measures?

Question. what is management of change

Question. output of masters review ??

Question. types of civil liability funds?

Question. what is there to measure dynamic stability?

Question. social security for seafarers?

Question. duties of Indian coast guard.

Question. changes in various imo instruments from year 2020 to 2026?

Question. P and I insurance?

Question. types of surveys in class?

Question. BWMS?

Question. effects of low sulphur fuel??

Question. Corrective action, preventive action, correction

Question. can one RO due start survey of another class?

Question. inertia test

Mohan Pal Sir

20th Feb 2026

Internal: Chakki

External: Mohan Pal

Student 1

1. Reason for loss of containers. Parametric rolling in detail.
2. Type of Sea areas in detail
3. If you join a ship superintendent, How will you proceed towards budgeting?
4. Suspension by PSC
5. Utmost faith
6. Duties and responsibilities of Flag State in ship recycling
7. When ship astern touches the first keel block, why it is critical?
8. Who will decide the security level of the port and ship ?
9. Duties of Flag State related to security.

17th Feb 2026

Internal: Chakki

External: Mohan Pal

1. Type of vessel sailed on - oil/chemical tanker

7718065806

2. Discharge criteria of chemicals ? What is the minimum speed required?
3. What is your understanding about the anniversary date ? Which certificate date is considered for the Anniversary Date ? What is HSSC?
4. What is the full form of DMLC? What is the difference between DMLC part I and II? What are the recent amendments in DMLC?
5. Meaning of Revenue Planning? What is OPEX?
6. To which ships ESP is applicable? Why is it applicable to chemical tankers as per IACS?
7. What is an innocent passage?
8. What is an IMSAS audit ? What is the responsibility of a coastal state ?
9. What are the principles of Marine Insurance? What is utmost good faith?
10. What is RSO ? What are its duties ? What are its constraints?
11. The Hong Kong convention entered into force last year. So what are the responsibilities of Flag State and state where the recycling facility is there. What documents does SRF give to ship ?

Gadkar Sir

16th Feb 2026

Internal : Arvind Chaudhari sir

External: Gadkar Sir

1. All conventions related to oil pollution from tankers. Detailed with major differences
 2. ITC and ICC clauses. Cover provided.
 3. SEEMP
 4. CII ratings
 5. Marine insurance principles and subrogation in detail with example
 6. EEXI technical file. Details. Who approves?
 7. Take over as chief engineer of the ship in layout. Checks and actions
-
1. P&A manual. Who approves it and what is yard data in it
 2. IWS. Why and who does it. What do they check
 3. Subdivision criteria
 4. EEDI. How it's given to the ship and all data required
 5. Incinerator requirement as per MARPOL
 6. PSSA
 7. Unseaworthy ship as per MS act
 8. IACS UR, CSR
 9. Maritime lien. What is it? What all can be liens on a ship ?
